

Materials needed are:

Scissors, glue, cardboard, pencil eraser and a large mirror.

1. Print this template
2. Glue the print out to a piece of cardboard, pressing out any wrinkles. Allow to dry.
3. Cut out the disc, taking extra care with the slots.
4. Push a thumb tack through the centre of the disc, on the side with the sequence of pictures, and into the side of a pencil eraser.
5. Hold the pencil with the sequence of pictures away and face a mirror. Look through the slots while spinning the disc.
